Managing payroll can be a complex task, but you don't have to go it alone

With our straightforward, fixed fee structure, cost won't be a concern. Whether you have a single employee or a large workforce, you can entrust us with the intricacies of payroll, allowing you to focus on what you do best.

We're one of the UK's largest BACS approved bureaus, processing payrolls worth in excess of over £3 billion every year

We take care of your payroll, so you can take care of your business.

Payroll is not just an obligation to your business; it's also crucial for your employees' well-being

As one of the UK's largest BACS approved bureaus, we handle thousands of payslips each month. We undergo independent audits and inspections by BACS, ensuring that our skills, systems, processes, and security are top-notch. Getting payroll wrong can lead to issues with HM Revenue & Customs, employee dissatisfaction, and financial instability. Managing the ever-changing legislation and paperwork can be time-consuming, but you can offload this administrative burden to us.

We oversee your payroll using our in-house systems

Each payroll cycle involves data processing, payslip production, and, if needed, BACS payments to both staff and third parties like HM Revenue & Customs and pension providers. Our comprehensive service covers everything from new hires to departures, guaranteeing compliance with all statutory and contractual obligations. Throughout the year, you'll receive monthly management reports, and we'll handle the preparation and filing of your Employer's HMRC Returns.

Our service is fully managed, with no hidden fees or surprise charges.

Unlock Your Time and Place Your Trust in the Professionals

When you outsource your payroll to us, you gain the freedom to focus on the critical business challenges and opportunities that demand your full attention. We handle all the administrative tasks and ensure deadlines are met.

Be confident that your payroll responsibilities are secure with our extensive experience, BACS-approved accreditation, and a history of processing more than £3 billion in annual payrolls. Our enduring success is built on lasting client relationships.

Communication is at the heart of our service. You'll have a dedicated account handler who understands your payroll intricacies and can promptly address any queries. We prioritise a friendly and accessible approach, recognising that customer loyalty hinges on personal connection.

Whether you currently manage payroll in-house or work with another provider, we offer a fresh alternative, tailored to your schedule. Contact us today to take advantage of our payroll service and start enjoying the benefits immediately.

“ The accuracy and diligence shown is second to none, and in my 20 years of HR experience, I have never worked with a better payroll provider. ”

“ The support we are provided with is fantastic, we have every confidence in the advice and support we receive. We would highly recommend JC Payroll to anyone! ”
